Submitted to His Highness

These papers relate to the application of the Lady Superior of the Convent of the Good Shepherd Mysore, for the grant of certain lands to the east of the convent in Mysore City.

2. In Government Proceedings No.1994-6 dated 28th August 1907, it was directed that the whole of the available area to the east of the convent, be made over to the convent authorities at four annas per square yard, subject to the condition that no buildings should be erected within some distance of the Muszid. In her letter to the Chairman of the Trust Board, dated 31st August 1907, the Lady Superior accepted the land subject to the conditions therein specified

3. Later on, in October 1907, the Lady Superior submitted a memorial to His Highness the Maharaja praying that the land in question may be granted to her free of cost, and the late Dewan, in reporting upon the memorial, did not think it desirable to give away the land free of cost and was of opinion that "private the convent may be allowed to pay the value at 4 annas

per square yard in easy instalments". His Highness was pleased to enquire in order dated 26th November 1907, "whether the convent can pay in instalments and if so, how much at a time and over what period". In reply to an enquiry, the Lady Superior stated that the convent had no funds at their disposal and repeated her request that the land in question may be given free of cost. On this His Highness was pleased to direct that the land may be left open for the present (vide order dated 23rd December 1907)

4. In June 1909, the Chairman of the Mysore City Improvement Trust Board, reported that the Superioress had represented that her application for the grant of the land in question free of cost did not mean a refusal on her part to buy it at the rate fixed, and that she had stated that the land might be handed over to the Institution subject to the rates fixed by the Trust Board He therefore solicited permission to give effect to the Government order of August 1907, above referred to.

5. It was also stated that the land promised to be given to the convent, excluding the existing road which also the Superioress was desirous of getting, covered an area of 7238 square yards and the

price to be recovered therefor, at annas 4 per square yard, amounted to Rs.1,809-8-0.

A 6. With reference to this, the Chairman was informed that no final orders could be passed until the price of the land was actually deposited by the authorities of the convent. The convent authorities having however offered to pay the amount by instalments of Rs.100 every other month, the question of granting the land to them was dropped.

B 7. In his letter dated 20th October 1909, the Chairman intimated that the Convent authorities had remitted Rs.1,809-8-0 being the full value of the 7238 square yards of land at 4 annas per square yard. He also stated that the Trustees of the Board had inspected the existing road to the west of the plot comprising the above area, (and situated between the premises of the convent and the aforesaid plot and marked A and B in the appended sketch), and, on reconsideration arrived at the opinion that its closure would not cause any appreciable inconvenience to persons living in the neighbourhood He added that if Government were agreeable to the above proposals, the road in question measuring 26' x 212' or 614 square yards, will be allowed to be enclosed by the

9

Convent authorities, recovering from them Rs.203-10-8 as its price at the rate of 4 annas per square yard. It was also stated that the road was not of use except to a few Roman Catholic Christians living opposite, that by closing it they would not be put to inconvenience, that unless it was closed and enclosed the nuns would have no privacy and that the proposal of the Board might be sanctioned.

8. The President was thereupon requested to place the suggestion before the Municipal Council and to send up their resolution.

Paper under-proposal

9. The President reports that the Municipal Council have no objection to the road being given over to the Convent authorities

10. The First Councillor inspected the road on 1st December 1909, with the Vice President He states that the road runs between the convent premises and the new land now sold to the convent authorities, and that the latter cannot be enclosed within the convent premises unless the road is closed He sees no objection to this being allowed

Draft for approval

11. It is proposed in the accompanying draft order which has been approved by the First Councillor to sanction the President's proposal to give over the
